

What does 'Export this profile' mean ?

'Export this profile' means that you can aggregate all data from person's profile and add it to the internal database of SignalHire (to previously created by you **Lead Lists/Job Projects**) and/or to your **CRM/ATS** previously integrated with SignalHire.

In the 'Export this profile' section you can choose one of actions: **Export to Job Projects**, **Export to Lead Lists** or **Export to ATS/CRM**.
